

IN THE SPECIFICATION:

The Examiner has critiqued the specification because of the absence of section headings and has also noted in numbered paragraph 2 of the Office Action mailed July 3, 2003, that the disclosure should not refer to specific claim numbers such as on pages 1 and 3 of the specification. Applicants deemed the corrections necessary to comply with the Examiner's objections to be sufficiently spread throughout the specification that a substitute specification, a copy of which is enclosed, is warranted. No new matter has been added.
